Ties for first Place: In the Working Cow Horse classes the highest cow work score will be used to break the tie. In the event both cow work scores are the same, the tied contestants will have a work-off down the fence, or may flip a coin if mutually agreed. In the Cutting classes the tied contestants will evenly split first and second place prize money and points, but must determine the awarding of prizes by the flip of a coin.\

Awarding of points for ties (other than first place): If the scores of two or more entries are equal, the points awarded to both (or all) tied entries will be calculated by adding together all points which would have been awarded to those places had the entrants not have had equal scores, and divided by the total number of tied entrants. For example, there are eleven (11) entries in a class and equal scores occur in the third and fourth and seventh and eighth places

Point System: During the show season, points will be awarded to horse and rider teams for based on placings in approved ARCHA show classes. Points will be awarded in accordance with the point system schedule (see examples below)The first placing horse receiving the highest number of points depending on the number of horses actually shown. In a class with 5 or more shown the 1st place horse will receive 5 points for the win plus one point for every horse defeated. Each succeeding place (2nd to 5th place) will receive the specified points (see examples below), and will receive 1 point less than the place before it. Any errors found in show results or standings will be corrected immediately on the ARCHA website. Members or show management must contact the ARCHA office within 30 days of the posting of these results for corrections to be made

Year-end Point Tabulation and Ties - A cumulative tabulation of all points earned by all entries during the show season shall be kept at the ARCHA office. Tabulation of points shall be published in the ARCHA publication or website. If there is a tie for a placing in the points for year-end standings, the entry with the highest earnings shall be declared the winner.

- For approved events where Spectacular classes are offered but the regular horse show classes are not offered, points as defined above will be awarded for the Spectacular classes. If both regular horse show and spectacular classes are offered in the same show they may be run concurrently but only the regular horse show classes will be awarded points.

Year-End Awards. Everyone that competes in an ARCHA approved horse show class as defined above will automatically be in the running for the year-end awards. Said tabulation of earned points shall be published on the ARCHA website.

- To qualify for year end points, riders and owners must be members in good standing. Horses that have been leased do not require the owners to become members. A copy of the lease agreement must be filed with the ARCHA office prior to the showing of the horse. In the case of Non Pro competitors, leasing a horse does not constitute ownership as per Non Pro rules
